

## **Information Sheet for Prospective Participants.**

Thank you for agreeing to participate in this research.

This short questionnaire is designed to help the researcher gather information about recreational divers in Tasmania. The information you provide will be collated and the data used to write an article. This article will be published in a peer reviewed Medical Diving Journal; 'The Journal of the South Pacific Underwater Medicine Society and the European Underwater and Baromedical Society'.

The information you give during this questionnaire will be treated confidentially. All data will be held securely and stored in the Diving and Hyperbaric Medicine Department of the Royal Hobart Hospital for a minimum of 5 years before being shredded. This data will not be accessed by any individuals not associated with this research. This research is supported by the Medical Directors of the Diving and Hyperbaric Medicine department; Associate Professor David Smart and Dr. Margaret Walker.

The information you offer will not affect your ability to dive, it will not be used for any purpose other than this specific research and you will not be contacted again in connection with this research.

There is no payment offered for completing this questionnaire, the principle researcher has received no monies from any sources.

Thank you for participating in this research.
